

Instructions for the 2022 Maryland Value Added Producer Matching Grant

Program Description

The Maryland Value Added Producer Matching Grant Program (MVAPMG) was established to make grants available to those pursuing support from the U.S. Department of Agriculture Value Added Producer Grants Program (USDA/VAPG). MARBIDCO was created with a mission to assist Maryland’s farm, forestry, and seafood businesses with achieving profitability and sustainability, promoting rural entrepreneurship, and nurturing emerging food and fiber markets. **MARBIDCO will make grants available to eligible applicants to provide up to 15% of the matching funds requirement under the USDA VAPG.** These funds will be required to be used for planning or working capital purposes in accordance with USDA regulations. Eligible purposes include determining appropriate marketing techniques and creating business plans or paying operating expenses before a business has sufficient cash flow from operations.

Eligible applicants must be an independent producer, agricultural producer group, farmer or ranch cooperative, or majority-controlled producer-based business venture (all defined terms under federal regulations). In addition, applicants must be making a product that is “value added”. A product that is value added is described as follows by USDA-VAPG [https://www.govinfo.gov/content/pkg/CFR-2019-title7-vol15/xml/CFR-2019-title7-vol15-sec4284-902.xml](https://www.govinfo.gov/content/pkg/CFR-2019-title7-vol15/xml/CFR-2019-title7-vol15-sec4284-902.xml)

A value-added agricultural product is any Agricultural Commodity produced in the U.S., that meets the requirements specified in paragraphs (1) and (2) of this definition below:

(1) The Agricultural Commodity must meet one of the following five (5) value-added methodologies:
   (i) Has undergone a Change in Physical State;
   (ii) Was Produced in a Manner that Enhances the Value of the Agricultural Commodity;
   (iii) Is Physically Segregated in a manner that results in the enhancement of the value of the Agricultural Commodity;
   (iv) Is a source of Farm- or Ranch-based Renewable Energy, including E-85 fuel; or
   (v) Is aggregated and marketed as a Locally Produced Agricultural Food Product.

(2) As a result of the Change in Physical State or the manner in which the Agricultural Commodity was produced, marketed, or segregated:
   (i) The customer base for the Agricultural Commodity is expanded and
   (ii) A greater portion of the revenue derived from the marketing, processing, or physical segregation of the Agricultural Commodity is available to the producer of the commodity.

Under the USDA VAPG all applications will be screened for eligibility. **The federal grant application submission deadline is May 2, 2022, for paper applications (Applications are permitted via Grants.gov and must be received by 11:59 p.m. Eastern time on April 25, 2022).** Once the application has been determined to be eligible the application will be competitively rated in a nationwide competition. Projects or ventures must be determined to be economically viable and sustainable. The applications will then be screened for technical feasibility of the value-added activity, the overall ability to operate efficiently, improvement to the rural economy, qualifications of personnel performing the proposed task and a demonstrated track record of performing similar activities, and a plan of work that incorporates the appropriate tasks to meet the stated objective. The USDA VAPG applications with the highest ratings will be funded first.

Applicants seeking to receive MARBIDCO matching funds for the USDA VAPG must submit an application to MARBIDCO at least two weeks prior to the federal deadline. **The MARBIDCO application deadline is 11:59 p.m. on April 11, 2022. Paper applications must be postmarked by April 7, 2022. Digital grant applications will also be accepted; email to dweeney@marbidco.org.** Applicants must attach a completed copy of their federal application form as part of the application submission including all required attachments. All MVAPMG applicants meeting the MARBIDCO requirements will receive a commitment letter of matching funds to be included with their federal applications. The MVAPMG commitment amount cannot exceed 15% of the required non-federal match, and it may be for a lesser amount depending on the quantity of MVAPMG applications that are received and the pool of available MARBIDCO funds. MVAPMG monetary awards will only be provided to those applicants that are actually successful in obtaining USDA VAPG awards.
NOTE: The maximum cumulative amount of grant funding a single applicant may receive from all MARBIDCO grant incentive programs is $50,000.
